

**2016- 2020 Nevada Hemp Statistics**  
 NDA Hemp Program – Plant Industry Division

**Registered Hemp Growers**

The following data accounts for total area of hemp production related to the number of growers registered with the Nevada Department of Agriculture from May 2016 through December 31st, 2020:

State of Nevada Statistics	Acres	Sq. Ft.
2016 Applied Area =	319.28	400.00
2016 Planted =	229.78	400.00
2016 Producers =	11	
2017 Applied Area =	490.20	17,170.00
2017 Planted =	434.50	17,170.00
2017 Growers =	26	
2018 Applied Area =	1,880.06	235,688.00
*2018 Planted =	1,128.00	141,413.00
2018 Growers =	115	
2019 Applied Area =	14,693.86	1,623,022.00
2019 Certified Area =	14,223.66	1,607,942.00
2019 Planted =	4,917.54	266,668.00
2019 Growers =	213	
**2020 Applied Area =	5022.56	975,801.00
**2020 Certified Area =	3874.80	789,623.00
**2020 Planted =	1,625.62	284,830.00
**2020 Growers =	116	

*\*2018 planted area is approximate based upon observations during field inspections.  
 \*\*2020 data as of 2/8/2021. Planted area is approximate based upon grower-submitted harvest reports and inspector observations during field inspections.*

**Registered Hemp Seed Producers**

The following data accounts for the total area of hemp production related to the number of seed producers certified by the Nevada Department of Agriculture from January 2018 through November 2018 and January 2019 through December 31<sup>st</sup>, 2020.

State of Nevada Statistics	Acres	Sq. Ft.
2018 Applied Area =	64.26	51,573.00
2018 Planted =	64.26	51,573.00
2018 Seed Producers =	16	
2019 Applied Area =	89.50	328,470.00
2019 Planted =	N/A	N/A

2019 Seed Producers =	47	
**2020 Applied Area =	48	153,687
**2020 Certified =	30	186,447.00
**2020 Planted =	N/A	N/A
**2020 Seed Producers =	20	

*\*\*2020 data as of 2/8/2021. 2020 planted area is approximate based on grower submitted harvest reports and inspector observations during field inspections.*

### Registered Hemp Handlers

The following data accounts for the total number of hemp processing facilities certified by the Nevada Department of Agriculture as handlers from January 2018 through November 2018 and January 2019 through December 31<sup>st</sup>, 2020.

State of Nevada Statistics	Certificates
2018 Total Handlers =	47
2018 Provisional Certificates Issued =	14
2018 Operational Certifications Issued =	33
2019 Total Handlers =	61
**2020 Total Handlers =	47

### Samples Tested, Non-Compliant Samples, and Disposals

The following data reflects hemp samples collected and tested for federal compliance by the Nevada Department of Agriculture, samples that tested above compliance, and approved crop disposals of non-compliant crops between January 1, 2019 and December 31<sup>st</sup>, 2020:

State of Nevada Statistics	Samples
2019 Total Samples Collected =	430
2019 Non-Compliant Samples =	56 or 13.02%
Approved Crop Disposals =	25
2020 Total Samples Collected =	306
2020 Non-Compliant Samples =	23 or 7.52%
2020 Approved Crop Disposals =	13
